Parkonect: How to Identify & Fix Your Gate: HySecurity & Magnetic Gate Tech Support Phone Numbers

Parkonect Hardware Troubleshooting · https://qa.flashparking.com/docs/parkonect-how-to-identify-fix-your-gate-hysecurity-magnetic-gate-tech-support-phone-numbers/

Parkonect locations have 2 types of gate operators. **HySecurity** & **Magnetic**. While our support team assists with hardware troubleshooting, each of these manufacturers provides support teams that are specialized in their own hardware and should be utilized in conjunction with Parkonect support.

Please see below to identify which type of gate operator you have along with their support contact number for your fastest and most comprehensive resolution.

HySecurity Gate Operator Tech Support: 253-201-2918. HySecurity Gates have a rounded top.
